Generation learning
through our Vision and
Mission*

February 8, 2011

To whom it may concern,

I have had the pleasure of working with Asphalt Restoration Technology Systems, Inc. for several years. I have always been extremely impressed with their professionalism and the quality of their final product.

Their "rejuvenation" product has held up well in all locations that we've had it installed. We've used it on tracks, parking lots and play courts to help expand the life of the asphalt.

They are very responsive to our calls and make every effort to work with us to help us meet our scheduling needs. Connie and Beth are both very professional and more than will to go the extra mile to help this district meet its preventative maintenance goals in regards to expanding the life of our asphalt.

In closing, I would highly recommend Asphalt Restoration Technology Systems, Inc, without any hesitation for any future asphalt coating needs you may have.

Sincerely,

Don Hampton

Assistant Director

Facilities Maintenance

School Board of Sarasota County

Vision

The Facilities Services Department is dedicated to maintaining educational facilities which support student learning through a safe, clean, and healthy environment utilizing a team of professionals dedicated to continuous improvement and service excellence.

Mission

To provide proactive, high quality custodial, building maintenance and grounds services to our customers in a timely and cost effective manner. We will accomplish this through an emphasis on professionalism, quality control, highly trained staff, safety, effective communication, and preventative maintenance.
